Dear Sir:

Thank you for your letter of recent date notifying us that you picked up our sign-off on Christmas morning. This will confirm the fact that what you record as having received is correct. As a matter of fact it was my voice you heard.

You might be interested in knowing that Ralph M. Johanns, of 364 Elm Street, Buffalo, New York and Norman L. Maguire, 1210 E. Grand, Albuquerque, New Mexico, shared the signal with you. Both, however, received a little more of the immediately previous music and words.

Thanking you, I am,

Yours very truly,

R J Priestly
